Description	<p>Black Velvet is a young black female, medium size, with good body proportions. She is halter trained, very friendly and inquisitive. She is likely to bond well with new owners.</p> <p>Black Velvet comes from solid black parents but she does have a small brown spot on one of her shoulders - which is reflected in her price. Most of her blanket is fully useable fleece, with soft handle.</p> <p>Black Velvet has not been mated, but she is now old enough to have a cria. We can arrange a mating to our black stud male Aquaviva Vagabond at a discounted price if required.</p>				
Fibre	First fleece: Dec 2017: 20.0 mic, SD 5.4, CV 27.2, comfort factor 95%, CRV 52.6, staple length 97mm
