Aquaviva Juliet

Aquaviva Herd Reduction Sale

Name	Aquaviva Juliet				
Ear Tag	AQUH0005	Registry No.	1010406		
Birth Date	19-Feb-2012	Sex	Female	Phenotype	Huacaya
Colour	Solid Medium Fawn				
Sire	Aquaviva Flowerdale Shackleton - (S)MF (70666)				
Dam	Lothlorian Romance - MF (58987)				
Description	<p>Juliet is an attractive fawn female with sound genetics. Her sire was Flowerdale Shackleton (lineage of Conquistador, Warrior) and her dam was Lothlorian Romance (lineage of Hemingway, Brutus).</p> <p>Juliet's fleece has held its micron quite well, and she has grown a good staple length every year. She is a proven breeding female with two cria brought up successfully to date. She is a quiet, gentle alpaca and she gets on well with other animals in the herd. Juliet has been halter trained.</p>
